Spaltalia – May 29, 2005.  
**A tribute to Pininfarina and the  
« Equipe Nationale Belge »**

The topics of Spaltalia 2005 seem to have motivated so much actors and spectators that the organizers are expecting a very great edition on next 29 May. The admirers of the Italian Master Pininfarina will have what to give pleasure, in particular while coming to admire the "Ferrari Rossa", a concept car created five years ago for the 70e birthday of the mark. About the "Equipe Nationale Belge", the former members will meet around a Ferrari 500 TRC of 1957, which competed under the colours of the ENB and which will come from England particularly for the event. Lamborghini will be there like usual to receive its guests and it is expected that they will hold a surprise of last minute to attract the glances of the amateurs. The marks Maserati and Ferrari will take part for the first time in an official way and for those not having the opportunity of attending the motor shows of Geneva or Detroit, it will be the occasion to admire the F-430 in its various versions as well as last creations of the mark of the trident: Quattroporte and Gransport. For the various activities, the inscriptions return regularly and one can already announce that the sessions on

track have their usual success and that the places remained free the day of the event will undoubtedly not be numerous. It is to be stressed that packages including lodging, meal and inscription and one hour of Grande Parade are at disposal with the organization. The attempt at record aiming at gathering the spiders Alfa Romeo (series 105) caused much interest but who says record says figure out of the common and the organizers still await many owners so that this record remains unequalled for a long time! Lastly, a tourist rally is proposed on Saturday May 28, afternoon, with departure from the circuit paddocks at 2:30 pm. It is the occasion to begin the weekend by meeting others impassioned and to discover this splendid area of the Ardennes in an original way.
