

Spaltalia

Saturday 28 & Sunday 29 June 2008

The bullfighting in Spa should be torrid !

The tribute paid to the marque of the bull will be the focus of the 7th edition of **Spaltalia**. The last weekend of June, the very new circuit of **Spa-Francorchamps** will be used one more time as the arena for this exceptional meeting gathering the most beautiful cars of the brand founded by Ferruccio **Lamborghini**.

The central exhibition will cover practically the whole production of the GT's of Sant' Agata Bolognese amongst which the very elegant **Miura SVJ Spider** or the astonishing **Diablo Pregunta**. Both worldwide unique exemplars ! The **Espada** and **Islero** will not be forgotten in this year of their 40th anniversary. Rumours are also flying concerning the presence of an exceptional new and very rare model but nothing can be confirmed at this time.

The astonishing Lamborghini Diablo Pergunta will be at Spaltalia

And that's not all ! We know that the objective of the **Spaltalia**'s organizers has always been to promote the Italian car in all its forms. Therefore the Spa circuit will accommodate many other interesting pieces of the Italian production like the very new **Lancia Delta**, which represents a styling exercise in line with the Italian glamour. This model will make here its very first appearance on a circuit.

As usual, the other Italian marques will not be forgotten. Many clubs (12 !) having already confirmed their presence, the magic of the Italian car will again operate, no doubt about that. It goes without saying that it is not necessary to have a Lamborghini to take part in **Spaltalia** or to take part in all the animations like the touristy rally, the concours d'elegance or the very popular Grande Parade. On the new features we have spotted the presence of the federal police who will teach the basics of the driving rules to the teenagers of 9 to 13. Let's meet in **Francorchamps** the last weekend of June. Passion and user-friendliness are awaiting for you.
