

Spaltalia

Saturday 28 & Sunday June 29, 2008

The bulls sharpen their horns for a torrid edition !

For its seventh edition, the organizers of Spaltalia decided to pay a tribute to one of the most prestigious brands of the Italian automobile production: Lamborghini ! The last weekend of June, the renewed circuit of Spa-Francorchamps will be used as the arena (and it is the case to say it) for an exceptional meeting of the most beautiful cars of the make of the bull !

The Theme

Miura, Islero, Marzal, Uracco, Murciélago, Gallardo, all mythical models which borrow their names from breeds of fighting bulls, underlining in that way the strong nature of the productions of Sant' Agata Bolognese. All these models that the organizers of Spaltalia will make a point of honour to gather and be in motion on the most beautiful circuit of the world. Several clubs already showed their interest to take part in this edition and we can ensure right now that the exhibition devoted to the unruly children of Ferruccio Lamborghini will be worth the visit. But we would also like to invite all the private owners to take part. We are looking forward to receiving enquiries so that we can organize their reception as well as possible.

The Activities.

Like for the two last editions, Spaltalia will be held over the whole weekend, in order to make possible for each one to benefit from the proposed show. On Saturday, a touristy rally open to all, will take the participants through the most beautiful roads in the area. The other activities such as the "Grande Parade" on the circuit, the First Runs, the free laps for sporting cars or the traditional "Concours d'Elegance" will be resumed and improved. It is indeed the diversity of the available activities that makes, each year, the success of the event.

Like each year also, Alfa Romeo, Ferrari, Fiat, Lancia and Maserati will be part of the meeting but the tifosi will not fail to pay homage to the disappeared makes such as, for example, Abarth, Autobianchi, Bizzarini, Cisitalia, De Tomaso or Osca. We will support all the initiatives coming from these makes or from the clubs, which have been lawful with us for 7 years. Consequently, it is not necessary to have a Lambo to take part in Spaltalia. We are and we will remain large supporters of any Italian car in all its forms.

As you can see, Spaltalia is confirmed year after year as the main event at the European level for all the amateurs of beautiful Italian cars. 2008 has not to be missed. Please, book as of now the weekend of June 28 and 29 in your sporting diary 2008!

Looking forward to welcoming you again.
