

Spaltalia – 4 and 5 June 2011

The Spaltalia 2011 data have been confirmed. The homage to Alejandro De Tomaso already excited a lot of interest, especially amongst the brand's clubs. So from now on, we can expect an exceptional concentration of Mangusta, Longchamp, Vallelunga and of course the Pantera, which celebrates its 40th anniversary in 2011.

The regular participants, such as the Fiat Coupe Car Club United Kingdom or the Club Quadrifoglio Belgio already made reservations for their members for time on the circuit as well as for the rally on Saturday afternoon. Don't forget : first inscribed, first served !

The discussions on new activities are going on and, as a matter of course, we'll keep you informed about further decisions.
