

## **SpaItalia 2011**

### **Exclusive novelties!**

**Since 10 years, visitors at SpaItalia can enjoy exclusive animation and novelties every year. It becomes time to announce some of them.**

### **Welcome to Santiago De Tomaso**

The son of the brilliant designer will indeed be a guest of honour at the 10<sup>th</sup> edition of SpaItalia, which is dedicated to the car make created by his father Alejandro. The De Tomaso family is aware that this reunion has a very special character and they did not want to miss it. Thank you Santiago!

### **The aim of 100 De Tomaso's will be reached!**

We promised you the largest European gathering of De Tomaso's. And we are on our way to win the bet! Coming from Sweden, Norway, Spain, France, but also from Poland, Italy, Finland and even the United States, nearly 100 owners of this exceptional car responded to our request! Useless to say that the party is to be grandiose and that the international reunion will be recorded in the annales.

### **For its 10<sup>th</sup> anniversary, SpaItalia presents not one, but two car presentations**

Respecting the tradition, SpaItalia is happy to spoil its public and its loyal participants by presenting two splendid cars.

On 4 and 5 June at Francorchamps, the brand new Lancia Ypsilon will be shown for the first time in Belgium. The Fiat group selected SpaItalia for this presentation, not only to the press who will have the opportunity to test the car during that weekend, but also to its network and loyal clients who are always sensible to the luxury and the comfort of Vincenzo Lancia's children.

Moreover, what could better mark the revival of the De Tomaso make than the presentation, at SpaItalia, of the new Deauville which is to gloriously celebrate Alejandro De Tomaso's memory. For the first time since the Geneva show and the presentation in Italy, the new born of the company situated in Grugliasco, near Turin, will be present at Spa Francorchamps. A world presentation in the open, let's say! Before Goodwood or Pebble Beach, SpaItalia is extremely proud to offer to the public and to the international press the brand new Deauville in the Ardennes in the shrine that is unique in the world.

**Do not miss on SpaItalia! Online enrolment will be closed on 15 May, so there is still some time left to make your choice. Should you be too late after all, you can always come to the event and enroll then. See you on 4 and 5 June on the most beautiful circuit in the world!**
