

The clubs of marque are getting ready....

As you know today, Spaltalia 2012 will celebrate Lancia and some of its emblematic models. But as usual the other brands are not left behind. To start with, let's see what Alfa Romeo is planning. For example, on the initiative of the Alfa Romeo Club Quadrifoglio Belgio, a big gathering of the Giulia's saloon, which celebrates its 50 years in 2012, will be organized; this popular model which made the pride of many owners in the Sixties will be the subject of a special celebration set up by the Belgian club which aims at the visit of no less than 300 vehicles coming from all the neighbouring countries ! More information on <http://www.clubquadrifoglio.be/de-agenda--l-agenda.html>

Always on the initiative of the Belgian Alfa Romeo Club, the Giro Quadrifoglio will offer to the participants to spend 3 days in our Ardennes including a complete day with Spaltalia. See: <http://www.clubquadrifoglio.be/giro-quadrifoglio-2012.html>

A Danish club of GTA owners decided to also invest Spaltalia with what remains a sporting icon of the marque alongside with its modern sisters, the 156 and 147. For more information and specific pack for the GTA owners, contact Peter Kolding with `info@zeatek.com'.

After one year of absence, Torque Italia returns to Spaltalia. Association open to all amateurs of Italian cars, it will be present in the clubs area with a site reserved for its members (<http://www.torqueitalia.net>).

Finally, another accustomed club of our annual meeting, the Vereniging Alfa Romeo Liefhebbers Nederland (<http://www.varln.nl/home.html>) will be among the clubs which will receive their members and friends with a hospitality.

We remind you that this year, Spaltalia will take place on 28 and 29 April 2012 and that the registration is open with presale prices until March 15 at the latest ! Thus, do not wait to register by visiting our site: <http://www.spaitalia.be/fr/registration.html>
