

'Lancia Martini Racing' at Spaltalia (Francorchamps/28 and 29 April 2012)

This year, **Spaltalia** celebrates the prestigious **LANCIA** brand.

Such a mark of honor asks for an evocation of the prestigious and rich sportive prize list of the brand from Torino.

And talking about the prize list brings us of course to the unforgettable **LANCIA MARTINI** which participated in the World Championships at the end of the previous century, both in rally's and on circuits.

Ever since the first launching in 1981, with the participation of the **BETA MONTE-CARLO** in the **Giro d'Italia**, the association **LANCIA-MARTINI** has been successful. And it was the start of a decennium during which LANCIA in MARTINI-colors dominated the competitions on the road.

In 1982 the complicity extended to the **Endurance World Championships** where the **Group 6** beauties of the Torino brand had to stand up to Porsche,... And talking about Porsche: remember that the Zuffenhausen brand was nothing else than the former partner of the aperitif brand.

Next April ...

Spaltalia is proud to announce that, in world première, all these Lancia cars in blue, red and white colors will be the theme for an **exceptional exhibition** which will show, amongst others, models of the Beta Monte-Carlo, the 037, the S4, the Delta, the LC1, the LC2, etc.

The next **Spaltalia** will be held on **28 and 29 April 2012**, following the tradition on the **Francorchamps circuit**.

Important: registration at reduced rates is possible **until 15 March**. So don't wait any longer to register if you want to participate in the **largest gathering of Italian cars in Europe!**
